Students and faculty engagement

- Create awareness and outreach to all stakeholders, primarily students and faculty members through web portal, newsletters, social media and frequent activities.
- In the beginning of every academic session, campaign to freshly inducted students to aware about the agendas and available support systems.
- Student with an innovative and credible idea can approach the EDC
- The idea will be evaluated by technical experts as well as staff members of the EDC committee
- If the idea is found to have a market potential the student and his/her group will be allowed to utilize the resources of the incubation centre
- Interested Students are supposed to fill the following Incubation Application Form to avail the facility of entrepreneurship cell.
