InSyncronization

VISION & MISSION

- Summer outdoor events
- Volunteer initiatives launched
- Awareness campaigns promoted

OVERVIEW

- Community workshops available
- Monthly meetings scheduled
- Networking opportunities offered

EVENTS SUMMARY

- Guest speaker sessions
- Fundraising activities held
- Community engagement events

DECEMBER

- Mental Health Awareness Workshop
- Liberation Day Celebration

JANUARY

- Cyber Security Essentials Program
- Self-Defence Training Initiative
- Guest Lecture by Dr. Makarand Gore
- Entrepreneurship Podcast Feature
- “Why We Die?” Expert Talk
- CIBA Field Visit & Incubation Exposure

FEBRUARY

- AI Workshop at BITS Pilani
- Drone Workshop at Converge 3.0
- Team Felicitation at Converge 3.0
- EDC Bootcamp Participation – Nexora
- Converge 3.0 Achievements
- Infosys Springboard Orientation
- Shaikshik Shodh Meemansa 2026 – National Science Day
- “Start Young, Dream Big!” Feature

MARCH

- Code to Career Workshop
- IPR Awareness Workshop
- Nexora Project Presentation

★ December

Building Awareness & Participation

- **Mental Health Awareness Workshop**

Students attended the “Mental Health Matters: Recognizing Warning Signs and Providing Psychological First-Aid” workshop, gaining valuable insights into identifying concerns and offering basic emotional support.

- **Liberation Day Celebration**

The department also participated in the Liberation Day Celebration Ceremony held on campus, marking an important cultural and historical occasion.

★ January

Learning, Exposure & Industry Connect

- **Cyber Security Essentials Program**

Students and staff attended the Cyber Security Essentials program conducted by Cogniflux, led by Dr. Rakshit Tandon, enhancing awareness of digital safety and security practices.

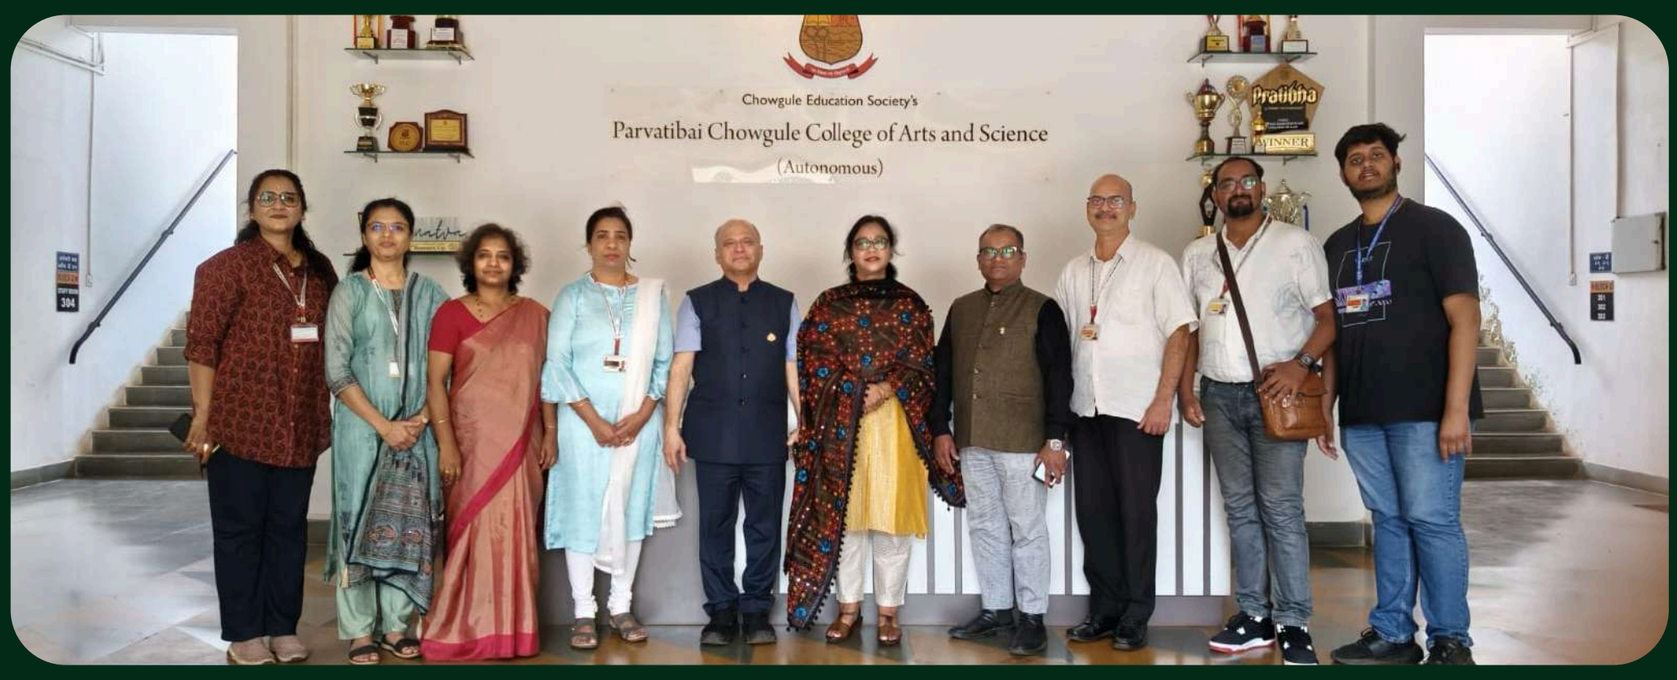
- **Self-Defence Training Initiative**

Students participated in the "आत्मविश्वास" Self-Defence Programme for Women, an engaging initiative focused on building confidence, awareness, and personal safety skills. The session encouraged students to understand real-life situations, learn simple yet effective defence techniques, and develop a stronger sense of self-belief.

★ January

Learning, Exposure & Industry Connect

- **Guest Lecture by Dr. Makarand Gore**



An engaging talk by Dr. Makarand Gore offered rich academic and professional insights, giving students a clearer view of current trends, real-world expectations, and opportunities for growth.

- **Entrepreneurship Podcast Feature**

Rayan, Glisten and Serena were featured in a podcast interview by Ryan Vaz under the Converge Program, focusing on young entrepreneurship awareness.

★ January

Learning, Exposure & Industry Connect

- **“Why We Die?” Expert Talk**

Students attended an engaging and thought-provoking session titled “Why We Die?”, delivered by a Nobel Prize Laureate. The talk offered deep insights into scientific perspectives on life, mortality, and human curiosity, creating a meaningful learning experience in collaboration with the Department of Computer Science.

- **CIBA Field Visit & Incubation Exposure**

A field visit to CIBA was conducted to gain a deeper understanding of incubation processes, giving students a chance to observe how ideas grow into successful enterprises. The visit also introduced them to both emerging and well-established ventures, carried out in collaboration with DCS.

★ February

Innovation, Achievement & Recognition

- **AI Workshop at BITS Pilani**

Students attended the BITS Pilani Workshop on AI, where they explored how modern tools and ideas are shaping the future. The sessions helped them understand real-world uses of AI and allowed them to learn from experts working in the field.

- **Drone Workshop at Converge 3.0**

The department actively participated in Converge 3.0 by leading a hands-on Drone Workshop that introduced students to the basics of drone technology, safety practices, and real-world applications.

★ February

Innovation, Achievement & Recognition

- **EDC Bootcamp Participation – Nexora**

Kadisha, Shreya, and Candid represented BVoc at the EDC Bootcamp, where their project Nexora was selected among the top 25 entries through a competitive selection process.

- **Team Felicitation at Converge 3.0**

The team was felicitated by the Converge 3.0 conveners and the chief guest Nestinka Rebello from Codemax, who appreciated their dedication and the effort they put into their work. The moment served as a proud recognition of their commitment and growing contribution to the event.

★ February

Innovation, Achievement & Recognition

- **Converge 3.0 Achievements**

Cloudworks was warmly felicitated for their strong performance, while Team Nexora proudly secured 4th place at Converge 3.0, showcasing dedication, teamwork, and steady growth throughout the event.

- **Infosys Springboard Orientation**

Students joined the Infosys Springboard Orientation to explore learning paths, certifications, and new industry tools.

★ February

Innovation, Achievement & Recognition

- **Shaikshik Shodh Meemansa 2026 – National Science Day**

Final-year B.Voc students showcased their projects at the college quadrangle on 28 February 2026. The event included evaluations by IIC members and guest lecturers, along with interactive sessions and insightful talks on Antarctica and the Blue Economy.

- **“Start Young, Dream Big!” Feature**

Mr. Rayan Kittur and Mr. Glisten Pinto (Cloudworks) were featured in the “Start Young, Dream Big!” series by PBN Bharat, hosted by Mr. Ryan Vaz, where they discussed entrepreneurship, teamwork, and inspiring youth. Ms. Serena Pereira was also featured, sharing insights on balancing academics with entrepreneurship and her work in multimedia services.

★ March

Skill Building & Academic Exposure

- **Code to Career Workshop**

Students attended the state-level “Code to Career” workshop organized by the Department of Computer Science in collaboration with the DHE.

- **IPR Awareness Workshop**

Students participated in a two-day state-level workshop on Intellectual Property Rights (IPR), gaining insights into innovation and legal protection.

★ March

Skill Building & Academic Exposure

- **Nexora Project Presentation**

The Nexora group presented their project to the management team on 18 March, where they spoke with the Dean of Sciences, Principal, and Vice Principal. During the presentation, they introduced the main features of their project, explained its importance, and discussed how it could grow in the future.
